

Finalit No. 40 Citrus Scent Cleaner for all Surfaces

Characteristics:

- Gentle but powerful cleaner for all household materials such as marble, granite, sandstone, limestone, quartzite, slate, ceramic tiles, concrete, parquet floors, linoleum, stainless steel, glass, fittings, mirrors, cars inside and outside,...
- Citrus Scent / Grease Absorber
- pH-neutral
(thus, no loss of gloss and no damage to joints)
- Free from acid, soap or alcohol
(thus, no layers or streaks)
- Perfectly suited for the longterm maintenance of all surfaces: does not affect impregnations in general or anti-slip impregnations
- Biodegradable and environmentally friendly
- Concentrate = cost-effective

0,25L, 1L, 5L or 25L
(concentrate)

0,5L spray bottle
(ready to use)

Consequences of errors in cleaning

Negative impacts that get worse with every cleaning procedure

Cleaning with soap-based cleaners:

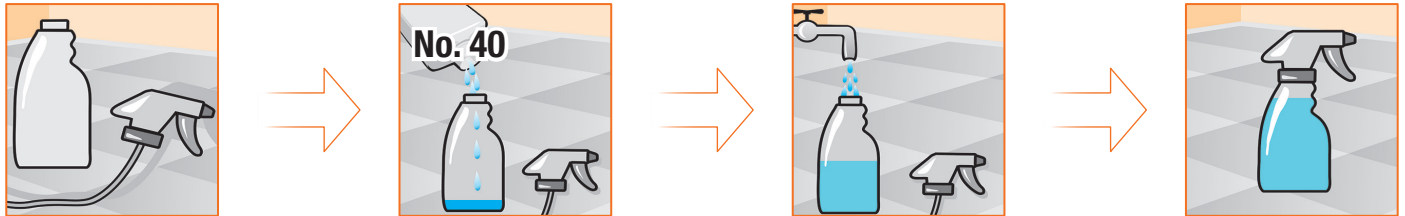

- dirt particles stick to the soap and streaks occur
- danger of slipping

Cleaning with acid-based cleaners:

- affect impregnations and joints
- marble floors lose their gloss

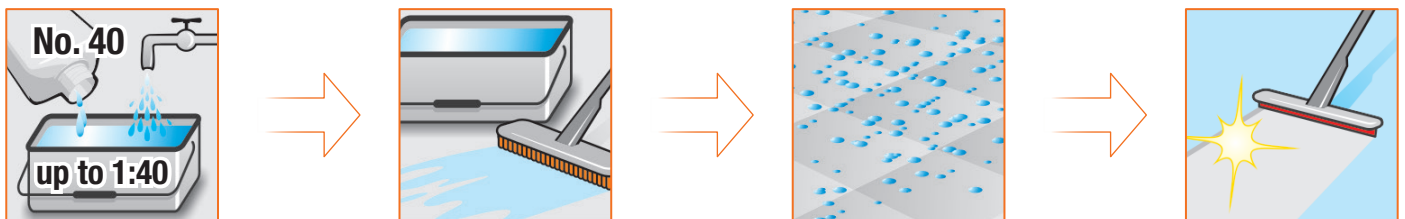

Filling up the spray bottle

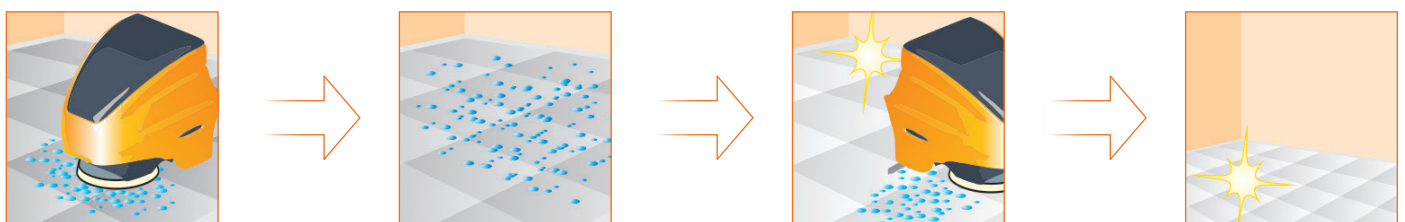

Open spray bottle. Fill the bottle with concentrate up to the notch. Add water (corresponds to a dilution of 1:20). Ready to use!

Manual Cleaning

Dilute Finalit No. 40 with water up to a 1:40 ratio (depending on the degree of soiling). Dip the brush or cloth into the cleaning bucket and apply. Remove excess water by using a water hover, a rubber lip, a squeegee or dry cloth. Allow to dry. Result: Perfectly cleaned surfaces.

Machine Cleaning

Dilute Finalit No. 40 with water up to a 1:100 ratio (depending on the degree of soiling). Clean the surface by using either a white brush or with a pad. Let set for about 10 minutes. Vacuum off excess water. Allow to dry. Result: Perfectly cleaned surfaces.
